### **MISSION STATEMENT AND PURPOSE**

Our wish for you, your children, and family is to achieve the goal of **NEVER** needing dental work in the future.

**Here at Goodday Dental, our purpose comes from the derivation of the word “Doctor,” which originates from the Latin word *docere*, meaning “to show, to teach,” or “to teach to know.”**

We help achieve this goal of “teaching” with hygiene visits twice a year—a goal that can eliminate gum disease and future dental work—thus, keeping your gums and teeth healthy for a lifetime.

This goal is our sincerest wish for you, your children, and your family.

**-Dr. Bongiorno and Staff**
